

AMENDMENTS TO THE SPECIFICATION:

Please replace the paragraph beginning at page 10, line 26, with the following rewritten paragraph:

--Other features and advantages of the invention will become apparent from the description which will follow of one embodiment of the invention given by way of non-limiting example, and illustrated by the appended figures 4 and 5, in which:

- Figure 4 is a schematic exterior perspective view of the part of another possible embodiment of an exchanger for internally equipping the reboiler-condenser of Figure 1, and

- Figure 5 is a front view of one embodiment of an equalizing grating designed, according to the invention, to be fitted to a fluid supply line of an exchanger such as the one in Figures 2 and 4, ~~and~~

~~Figure 6 shows a grating for extending over the entire area of a cross section of the line.--~~
